

RH Investment Corporation

RH Investment Corporation's new headquarters, Encino, CA.

Turn your corporate move into an upgrade in I.T. systems.

RH Investment Corporation

RH Investment specializes in California and western municipal bonds, working for small institutions, high-net-worth individuals, and dealers without their own trading desks. A few years ago, it was decided that the company headquarters needed to move from Century City to Encino, CA. While moving can sometimes be an IT nightmare, RH Investments turned it to their advantage by contracting Network Solutions, Intl.

Network Solutions Int'l redesigned the company's entire computing platform as part of the successful relocation from Century City. This more efficient infrastructure included the servers, all network devices, desktop computing, E-mail, voice networks, and security for the headquarters and all of the company's remote offices. What could have been a problem was turned into a huge benefit for the company. Network Solutions Int'l has supported all aspects of the company since 1998.

KEY PROJECTS COMPLETED
